Our story

Seven decades of global insight to redefine the industry's offering

Our worldwide distribution and market leading position makes us, probably, the fastest growing office supplies brand in Europe. We are also investing in a big way for the long-term in our talented team and smart logistics to meet the growing global demand.

REDUCE

Care for the environment

As an owner managed business, every decision is made with care for the environment and our customers.

In fact, it's our mission to be one of Europe's most sustainable office products suppliers.

REUSE

So, how are we doing this?

We're using leading technology to shift our best-selling ranges into ECO versions, whilst maintaining the same premium quality and design you've come to love and expect from Rapesco.

We're stripping out single-use plastic without compromising on protective packaging and we plan to do much more. We'll accelerate our efforts to find more, new ways to reduce, reuse and recycle.

ECO is more than product range

Rapesco's ECO range of products is becoming our new benchmark.

In addition, as part of our dedication to sustainability, we are honoured to be partners with the **Marine Conservation Society**. A well-known, non-profit organisation dedicated to safeguarding, preserving and promoting a cleaner, healthier ocean.
